Honourable Prime Minister,

As we all know that our nation got independent on 15 August 1947. After much years of independence, there are many hindrances in the path of development of our country. Some main hindrances are :-

①- Corruption :- Instead of making an effort to serve the growth of the country, officials and politicians are busy in filling their own pockets. This also affects the educational system run by the government. It is one of the major reasons that are hindering the growth of the nation. I want an India where ministers are wholly dedicated

Respected Primeminister

I am grateful that I am talking about some basic issue of our nation. Employment is a thing that is far from our nation. Unemployment is a basic issue in our nation. Students are confused that if they have not good degree how can they able to make a perfect life. Students may be have good marks but not have a job. This is just because of unemployement. So, I hope you can understand nation problem and try to make a change. Thank you.
